

COMMUNITY IMPACT

For over 100 years, United Way of the Concho Valley has brought people, resources, and organizations together to create lasting change across the 14-county region. Through a network of dedicated Community Partners, United Way invests in programs that support education, health, financial stability, and basic needs, helping strengthen individuals and families at every stage of life. Together, these partnerships create opportunities, address critical community challenges, and impact more than 100,000 lives each year, ensuring that every person has the chance to thrive and build a brighter future.

*Numbers include individuals who possibly received services from multiple Community Partners
